

## **Comments of 3b on the Native Speakers Week**

It was a really great week, because we played many games with our speaker Maria. She is such a funny person and was friendly every day. We often went to the gym and we learned so many new things. It was much more fun than normal school.

**Mirjam Gußner, 3b**

I liked the native speakers. It was much better than normal school. I am sure, that we have learned a lot of new words. The best of the week was the game „werewolf“. Our native speaker Maria is a really nice teacher. I hope we will be allowed to have another native speaker´s week!

**Matthias Schicho, 3b**

In my opinion the native speaker week has been one of the best weeks in this year – so far. It was very funny and we played a lot of games, e. g. werewolf or hot potato. We got points for each group for doing the exercises well. It was a really great ending with our performances of the fairy tale plays.

**Mattias Aichberger, 3b**

I think it was so much fun, because we played many games like werewolf. Moreover we learned new words, which was great. The sports lessons were very funny too and Maria was so nice! I would definitely do it again!

### **Comments of 3a:**

The week was very nice and we often played werewolf.

Toby was really funny and very nice. The best thing was playing games the whole week.

We had lots of fun and learned the names of countries in English.

I liked the games we played e.g. 21, beanbag, ... Toby was funny. Toby was a football fan and I liked it.
